XPS 16

Supercharged performance

The iconic new XPS 16 delivers powerful performance your most demanding projects need now.

- The bold design of the XPS 13 Plus introduced in 2022 has forever changed the visual identity of the XPS brand. The sleek, iconic design is now available in a powerful, 16.3-inch form.
- Crafted with machined (CNC) aluminum and Gorilla® Glass 3 to deliver a strong, lightweight laptop. XPS is available in Platinum or Graphite with tone-on-tone finishes for an elegant, minimalistic design.
- A unique touch function row, seamless glass touchpad and comfortable keyboard are modern, easy-to-use interiors that deliver a clean, harmonious look and allow you to switch tasks effortlessly, while eliminating distractions and placing the focus on productivity.
- The XPS 16 is our most powerful new XPS laptop with up to 80W of sustained performance. Run demanding apps smoother and faster with powerful Intel® Core™ Ultra 9 processors up to 45W and swiftly edit and export videos with NVIDIA® 40-series graphics up to GeForce RTX™ 4070. Paired with superfast LPDDR5x memory up to 64GB and up to 4TB storage.
- True-to-life color and sharp detail on a large 16.3" InfinityEdge display plus incredible sound brings content to life, so you are totally immersed. Available with 4K+ OLED touch display option. Enjoy louder sound and deeper bass with an improved quad-speaker design, professional tuning and Dolby Atmos.
- Enjoy crystal clear video calls with an intelligent FHD (1080p) webcam which reduces noise in the frame, while intelligent audio reduces background noise.
- Copilot in Windows 11 complements your capabilities and creativity with intelligent assistance and relevant answers. Your own personal AI assistant built right in to do the heavy-lifting so you can do the extraordinary.
- The new XPS family has its highest level of sustainable materials yet. Crafted with at least 26% recycled materials, including an innovative combination of recycled and low emissions aluminum and post-consumer recycled plastics, which helps lower the carbon footprint of the laptop by up to 89%*. The XPS 16 ships in packaging made with 100% recycled or renewable content and is 100% recyclable.
